

Student placement:

Three week programme:

Week one: Introduction to microbiology, incorporating data input, specimen preparation and laboratory safety.

Day WEEK1	Section	Learning outcomes	observations	signed
1	Departmental introduction Specimen reception mrsa	Introduction. Health and safety Specimen reception MRSA prep.		
2	Specimen reception/mrsa Routine swabs House keeping	MRSA Prep. Swab prep Specimen disposal. Record keeping		
3	Routine swabs Genital swabs	MRSA Prep. Swab prep Genital prep		
4 / 5	Urine samples	Urine culture Uf1000		

Day WEEK2	Section	Learning outcomes	observations	signed
1/2	Faeces Culture and DS2 operation FMIC	Faeces Cat 3 observation only		
3	Swab culture Different media etc  Cat 3	Swab culture Different media etc  Cat 3 observation only		
4	RCUL BENCH	Observe BMS READ PLATES		
5	FAECES BENCH	Observe BMS READ PLATES		

Day WEEK3	Section	Learning outcomes	observations	signed
1	SWAB PREP	refresh		
2	RCUL BENCH	Observe BMS READ PLATES		
3	URINE READ MYCOLOGY	Observe BMS READ PLATES		
4	REVIEW	REVIEW		
5	REVIEW	REVIEW
